

Be Confident In The Quality Of Crizal® No-Glare lenses

Crizal No-Glare lenses have earned The Skin Cancer Foundation's Seal of Recommendation for their safe and effective protection against UV radiation. The Seal of Recommendation, a symbol recognized and trusted worldwide, is overseen by renowned dermatologists and granted to products that meet the Foundation's stringent criteria for safe and effective sun protection.

Applies to the Crizal lens process

The Good Housekeeping Institute Seal of Approval certifies that Crizal lenses have undergone rigorous testing and are backed by the high quality standards of Good Housekeeping.
